Highlights for the Quarter ended 30<sup>th</sup> June, 2016:- (Standalone)

| Sl.No. |                         | 2016-17            | 2015-16            |               |
|--------|-------------------------|--------------------|--------------------|---------------|
| 1.     | Selling Price           | Rs.171.04 per kg   | Rs.170.03 per kg.  | (+) Rs.1.01   |
| 2.     | Operating Profit (Loss) | Rs. (35.69) Crores | Rs. (40.84) Crores |               |
| 3.     | Net Profit (Loss)       | Rs. (17.34) Crores | Rs. (28.71) Crores |               |
| 4.     | Sales Quantity          | 100 lakh Kg.       | 98 lakh kg.        | (+) 2 lakh kg |
| 5.     | Production              | 218 lakh kg.       | 209 lakh kg.       | (+) 9 lakh kg |

**Review of Operations :-**

➤ **Production :**

Indian Production for the calendar year up to May is lower by 9 million kg as compared to last year mainly due to loss of production in South India on adverse weather conditions. South Indian Production was lower by 22 million kg whereas North Indian Production was higher by 13 million kg. Tea Production in African region has been higher by 60 million kg as compared to last year on normal weather conditions as compared to dry weather last year. Tea production for the Company from own leaf was higher by 1.7 million kg for the quarter. However, production from small grower's leaf was lower by 0.8 million kg.

➤ **Sales & Prices:**

Increase in production in Kenya had negative impact on prices at Mombasa auctions. The prices up to June for African teas are lower at USD 2.26 per kg as against USD 2.54 per kg for the same period last year. However, prices in India currently are similar to last year. Tea prices for the Company is higher by Re 1 per kg for the quarter as compared to last year. Sales quantity is higher by 2 lakh kg on higher production.

➤ **Operating Result :**

The Company has posted Operating Loss of Rs.35 crores against Operating Loss of 41 Crores last year. This is mainly attributed to increase in production from own leaf. Sales are higher by 3% on higher volume by 2 lakh kg. Staff cost has increased by Rs.27 crores during the quarter on account of revision of wages in tea estates effective 1<sup>st</sup> January 2016. Consumption of Raw Material (cost of small growers' leaf) is lower by Rs.10 crores due to decrease in volume.

The results have been revised in accordance with Ind AS. The revised operating loss for the quarter of previous year is higher by Rs.18 crores mainly due to changes in the method of value of Inventories (Rs.17 crores). The total impact of such valuation will get nullified over the quarters. We expect minimal impact on the results for the full year.

**OUTLOOK :**

⊙ **Global Production :**

Tea Production in Africa Kenya is reported to be higher by 60 million kg up to May as compared to last year due to normal weather. We expect the production from Africa to remain higher for the rest of the season.

**Indian Production :**

Indian Production is estimated to be lower by 9 million up to May as compared to last year due to lower production in South India. We expect recovery of production in North India to normal production. Overall

production for the country is expected to be in the range of 1190 to 1200 million kg for the full year assuming weather to remain favorable for the rest of the season.

⊙ **Tea Prices & Costs :**

Tea prices in African region have been lower by USD 0.32 per kg up to June due to recovery of crop in Kenya. The prices are likely to improve during the second half of the year as demand grows from Middle East and Pakistan.

Tea prices in India are similar as compared to last year at Auctions. Tea Prices are expected to move higher on expectation of growth in rural demand post normal monsoon in the country. Increase in prices should start reflecting from the second quarter onwards.

Cost during the year is expected to be higher by 9% in absolute terms due to increase in wages and input costs.

**Phu Ben Tea Company Limited, Vietnam :**

During the six months ended 30<sup>th</sup> June 2016 Phu Ben achieved a total production of 1.80 million kg of tea as against 2.03 million kg for the same period last year. Average prices for the period was USD 1.23 per kg against USD 1.40 per kg last year. It is estimated to record EBDITA loss of USD 0.67 million as against loss of USD 0.73 million for same period last year.

⊙ **McLeod Russel Uganda Limited, Uganda :**

During the six months ended 30<sup>th</sup> June 2016 McLeod Russel Uganda has achieved a total production of 8.3 million kg as against 7.8 million kg during same period last year. Average prices for the period was USD 1.65 per kg against USD 1.48 per kg last year. It is estimated to record EBDITA USD 4.74 million as against USD 2.28 million for same period last year.

⊙ **Gisovu Tea Company Limited, Rwanda :**

During the six months ended 30<sup>th</sup> June 2016 Gisovu Tea Company Limited has achieved a total production of 1.44 million kg as against 1.24

million kg during same period last year. Average prices for the period was USD 3.12 per kg against USD 3.17 per kg last year. It is estimated to record EBDITA USD 1.41 million as against USD 1.63 million for same period last year.

**@ Pfunda Tea Company Limited, Rwanda :**

During the six months ended 30<sup>th</sup> June 2016 Pfunda Tea Company Limited has achieved a total production of 1.36 million kg as against 1.24 million kg during same period last year. Average prices for the period was USD 2.36 per kg as compared to USD 2.70 per kg during the same period last year. It is estimated to record EBDITA USD 0.65 million as against USD 1.11 million for the same period last year.
